

Dry Seal Pipe Collar™

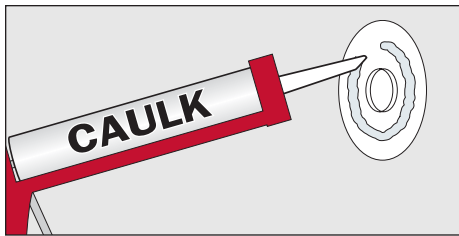

Water/Moisture Barrier

Patent #7,197,777

928-2

- Creates a water tight seal around pipe or tube
- Thin, tapered profile compresses tightly to wall
- Fits under most escutcheons and tub spouts
- Helps prevent moisture from getting into wall cavity which promotes MOLD growth
- Safe to use with copper, PEX, and CPVC

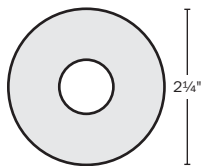

Caulk may be applied to the back of the Dry Seal Pipe Collar when using over grout lines or irregular walls.

Slides over pipe or tube and compresses tightly to wall to create a watertight surface.

Keeps water, cleaning solutions, etc. from seeping into the wall cavity behind tub spouts.
