Peculiar, Mo 64078

Dear Wade S. Long,

My name is Barry Parker and I am the President of Barry Parker Plumbing, Inc in Jacksonville, Florida.

The plumbing business has been good to me for 35 years. I have seen a lot of new products come into the market place and Sioux Chief is one of the best. I have installed a lot of your products. The new ox box is so flexible on the installation. Also the finish line adjustable drainage system is the only drain or floor clean out I will install.

Kathy Leonard has kept us informed with all your new products. I am glade to do business with a company that has good products, good people and a well run company.

Thanks

Sincerely

Barry E. Parker.
