

The Ox Box provides so much versatility that we only have to stock one laundry box. The flexibility on the jobsite has reduced our labor substantially, which directly affects our bottom line. Thus, we can pass some of those savings onto our employees and our customers.

It seems Sioux Chief's business strategy is like our own: Surround yourself with the best partners and never settle for second best.

Sincerely,

Jerry Schauer  
Project Manager  
Contractors Mechanical
