Re: Ox- Box

To Whom It May Concern;

Thank you, thank you, and thank you. Did I say thank you? Finally a product that can "transform" to meet my customer and my needs, your Ox- Box product line is the first washing machine box that can accommodate a variety of settings with minimal effort. We have stacked your product on top of each other, we have placed them side by side, and we have even separated the two halves and set them at either side of the room. There has never been a product like this. We have search far and wide, only to find Sioux Chief manufacturing a one of the kind product. As always, Sioux Chief has taken a simple product and made it a New and IMPROVED product. Thank you for making my life easier.

Sincerely,

Joseph Gonzalez
Vice-President
