

Weld One™

Integral Trap Floor Drain

Patent # D587,787

NEW
DESIGN

Old Problems

- 1 Cracked slabs along the outlet piping
- 2 Hub cracks if attached pipe gets moved
- 3 Non-threaded, $\frac{3}{8}$ " trap primer port
- 4 Drain's shape makes it difficult to stake
- 5 No heavy-duty or decorative strainer options

New Solutions

- 1 Outlet is set deeper, reducing cracks
- 2 Reinforced hub reduces broken connections
- 3 Threaded, $\frac{1}{2}$ " FIP knockout trap primer port
- 4 New stake anchor allows better securing
- 5 New strainer options include round and square nickel-bronze, or heavy-duty ductile iron

Sioux Chief
MANUFACTURING SINCE 1957

Weld One

Adhesive debris cover protects drain during pour and removes with no residue.

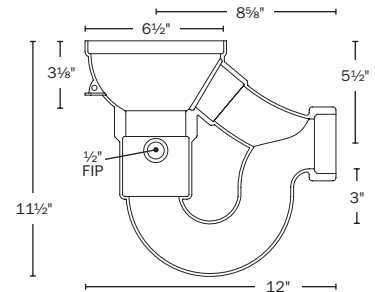

A 2" FIP drain throat is designed to fit the 802-7 backwater device or laundry standpipe. Backwater device is available installed (800-PBW, 800-ABW) or can be purchased separately.

B 1 1/2" cleanout plug is pre-installed into FIP cleanout threads.

PVC Item No.	ABS Item No.	Description	Pkg	Min. Qty.	Case Qty.	List Price
WELD ONE WITH POLYPRO STRAINER						
800-P	800-A	2" Weld One floor drain	B*	12	12	21.00 EA
