Goldsboro, NC 27851

Dear Brandi;

I wanted to take time to fill you in on how our sales have increased since started carrying the OX Box. We have stopped carry the competitive brand for all new construction all together. I carry 2 of their items for a repair plumber customer of ours. Everyone that we have switched over to the OX Box, whether it be the Ice Box or the Wash Box, love the ease in which they are installed, the ability to split the wash box and basically put it anywhere they want! This has been one of the best new products that we have taken on. Kudos to Sioux Chief

Sincerely,

A handwritten signature in black ink that reads "Mick Neals".
