

Sioux Chief Announces Launch of Strut Clamps for Plumbing Contractors

Rough plumbing manufacturer, Sioux Chief has added strut clamps for both rigid pipe and copper tubing in all nominal pipe sizes, half inch through four inch.

Kansas City, Missouri - March 12, 2014 – Rigid strut clamps are used to support IPS pipe and copper tubing strut clamps are used for nominal CTS tube. Sioux Chief's strut clamps comply with MSS SP 58 – Type 59 Trapeze Hangers.

Strut clamps have been added to Sioux Chief's catalog as part of the continuing effort to expand offerings of residential and commercial hangers and pipe supports. More information, including spec sheets can be found on the Sioux Chief website.

Sioux Chief strut clamps are a domestic product and priced competitively.
