

Sioux Chief Launches OxBox™ Product Video

Acclaimed for its clean finish and ease of installation, the OxBox is the quickest, strongest and most versatile access box installation on the market. Sioux Chief's OxBox video demonstrates the high quality of the product and how OxBox adapts to any system.

Kansas City, Missouri - December 12, 2013 – Rough plumbing manufacturer, Sioux Chief, launched a new **OxBox product video** that enables plumbing contractors and wholesalers to know more about Sioux Chief design innovation, product features and installation techniques. OxBox is offered in seven inlet connections including all common PEX types and is available in: Ice Maker Outlet Box, Lavatory Outlet Box, Toilet/Dishwasher Outlet Box, and Gas Valve Outlet Box – each in a fire rated version.

“The two-box design allows supply lines to be installed on either side of the drain box and with the supply lines coming from either above or below the machine. This feature is unique to any other access box on the market, allowing it to be used in all geographical areas, no matter what challenge may be present.” Said Rex Baer, Vice President of Product Development at Sioux Chief.

Key features of the OxBox:

- One frame fits all products
- Each box is the same size
- No lead valves
- Available with or without arresters
- The patented GripTip™ feature for quick and easy DWV testing
- A single screw fastens the assembly for the most secure installation
- The debris cover protects the box from paint and debris

The new Sioux Chief **rough plumbing video series** offers plumbing contractors need-to-know information about time, labor and money saving innovations in Sioux Chief's Supply, Drainage and Support categories.

Sioux Chief products are sold through wholesale plumbing distributors nationwide.

More About Sioux Chief:

Since 1957, Sioux Chief has manufactured innovative plumbing products. It is a leader in providing rough plumbing solutions for residential, commercial, industrial and government applications. Sioux Chief's comprehensive product line is comprised of three core groups: Supply, Drainage and Support. Sioux Chief products are sold to qualified wholesale distributors and retailers worldwide. The company is headquartered in Peculiar, Missouri – just outside of Kansas City.
