

Sioux Chief Launches Simple Bend Support to Secure PEX Tubing

The Simple Bend Support is a plastic elbow allowing the proper 90 degree radius when installing ½" PEX tube, directing the supply line from a manifold to fixtures. The Simple Bend Support is BAA and ARRA compliant, is made of 40% glass filled nylon, can be nailed directly to the stud, and is competitively priced.

Kansas City, Missouri - August 15, 2013 – Rough plumbing manufacturer, Sioux Chief, announced its new Simple Bend Support for ½" PEX tubing installation.

The **Simple Bend Support** is a plastic elbow that is open on each end allowing plumbing contractors to install ½" PEX tube in order to maintain the proper 90 degree radius when directing a supply line from a manifold to fixtures.

The product can also be used as a stub out bracket and is ideal for reducing stress on the pipe when directly connecting PEX to the shower valve.

Simple Bend Support is engineered with 40% glass filled nylon.

The product is manufactured by Sioux Chief in the USA and includes a Limited Lifetime warranty.

Sioux Chief products are sold through wholesale plumbing distributors nationwide.

More About Sioux Chief:

Since 1957, Sioux Chief has manufactured innovative plumbing products. It is a leader in providing rough plumbing solutions for residential, commercial, industrial and government applications. Sioux Chief's comprehensive product line is comprised of three core groups: Supply, Drainage and Support. Sioux Chief products are sold to qualified wholesale distributors and retailers worldwide. The company is headquartered in Peculiar, Missouri — just outside of Kansas City.
