CLOSET BOLT COVER CAP

›› 440/442 SERIES   SmartCap™

SPECIFICATION

Sioux Chief 440/442 Series SmartCap closet bolt cover shall be used where necessary to cover the exposed portion of closet bolts after toilet installation. Bolt cover shall include a threaded base and attachable cap. Base portion shall include a lug on the bottom side to prevent spinning, and a collapsible flange which creates a seal against the porcelain when installed. The cap shall thread onto the base to prevent disengagement and be tall enough to reduce the need to trim bolts after installation. Bolt cover shall be corrosion proof and impact resistant.
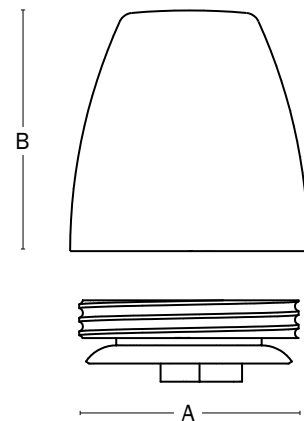

MATERIALS

Base & cap: polypropylene

DIMENSIONS

A: Base diameter   1½"
B: Cap height   1¹¹⁄₁₆"

442-2W

Patent# 7,658,580 B1
