

VANDAL-RESISTANT VENT CAP

»» 868 SERIES

SPECIFICATION

Sioux Chief 868-V234 vent cap shall be used where necessary to cover and protect plumbing vents terminating at roof level in drainage systems. Vent cap shall be vandal-resistant and allow free air flow into the vent system while preventing sticks, leaves, or other debris from blocking the pipe. Vent cap shall be designed for use with multiple pipe sizes, and approved for use with cast iron, PVC and ABS vent pipe.

MATERIALS

Vent Cap: Cast iron

Set Screw: Stainless steel - Hex socket drive

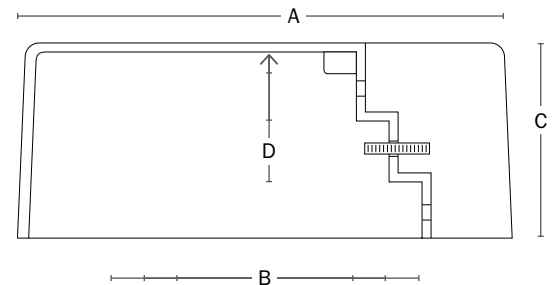

DIMENSIONS

- A:** Top diameter 7-1/2"
